

Unique & Patented Showerheads & Accessories

Rinse Ace® Brand shower products' quick-connect / detachable hose provides consumers the most reliable and convenient way to rinse the shower, and bathe a pet or young child.

Avoid the clutter of a permanent handheld shower hose, and the trouble of rinsing by pouring cups of water, or using a "slip-on" hose that blows off the tub spout.

Nothing Else Like Them!

ITEM 4045
2-in-1 Showerhead® System

- Chrome finish
- 40 Spray Jets
- Drenching Shower

- 6' detachable hose with "on/off" sprayer

ITEM 4210
My Own Shower® Showerhead

- One time install of patented connector on existing "adult" showerhead.
- 3' detachable hose with children's showerhead; kids bathe in a just-their-size, softer spray
- Adjustable suction cups accommodate different height children.
- Detachable hose for easy removal and storage for child's safety.

ITEM 4009
Extra Connector

- One time install on any showerhead in the home
- Allows Rinse Ace® detachable hose to move to another shower to rinse the shower quickly or bathe children and pets easily.

Most U.S. households prefer to own a fixed showerhead. That's why millions of satisfied consumers since 1995 have purchased Rinse Ace® products to simplify their lives by saving time, space and water.
